Good pears grow in Plain township this year, judging by the specimens that Michael Holtz and Daniel Smith left at the DEMOCRAT office.

THE Republicans of Stark settle their little nominating business this week, Saturday-the Democrats next week, Saturday. Campaigning will soon be leading business of some folks.

On the repeal of the resumption clause of the act of 1875, politically the vote stood as follows: Yeas, Democrats, 115; Republicans 12; Independents 6. Nays, Democrats 32; Republicans 58; Independents 4.

HENRY NEWBEGIN, the most prominent Republican lawyer of Defiance county, has come out squarely for Tilden and Hendricks.

Hon. John A. McMahon was renominated for Congress last week by the convention for the 4th district that met at Dayton. Mr. McMahon is an able member, and we hope he will be re-elected .-His nomination was by acclamation, and the convention was in session only about five minutes.

THE New York Herald publishes report of an interview between Mr. Munn of Chicago, and Mr. Blaine. The latter is reported as having used the following words; "I have no influence with the present administration. No man has who i not a thief by instinct." Blaine is high authority in his party, and onght to know his friends.

Correction.-Our brethren at Alliance were much in error last week in regard to the Stark County DEMOCRAT Our press was not broken, nor out of fix, but printed our paper as usual. The kindly expressions of sympathy in Gillespie's Review are enough to make one feel like standing on his "feet," and "on his native heath." The Carroll Free Press editor too, has our regards for complimentary words, more grateful, as they were unexpected. Brethren, under the Tilden banner, with heart and soul, here's our ing counties elect Congressional dele-

Samuel J. Tilden undertook the work of reform in the government of the city of New York, as a private citizen, and broke down the Tweed ring; he then undertook the work of reform in the government of the State of New York as its Ring while reducing the taxation; he is next to undertake the work of reform in ence. the government at Washington, and break down Grantism.

Judging by our Republican cotemporaries in the county, Major McKinley is the only Stark county man who has any show for the nomination in the Republican Congressional race. Last week the York. three Republican newspapers, Alliance Monitor. Massillon American and the Repository, all burst out simultaneously with rapturous encomiums on the Major, ignoring the other candidates entirely .-This is sweet on the Major, rather too sweet, old politicians would say, especially just before the primary elections, which take place on Saturday of this

THE following extracts from the valedictory of W. H. Phelps, of the Alliance Leader, of August 5th, speak for them-

"After this week's issue of the Leader it passes into new hands, having been purchased by Prof. Daniel Worley, of Canton.

"In him the Democracy of Stark will have a true *Leader*, and a man who will always work for the best interests of the

"In order that the paper may be more centrally located, the office will in a short time be moved to Canton, and we trust will at once receive a liberal patronage from the business men of that thriving city.'

We congratulate Mr. Phelps on making a good sale of his greenback, Peter Cooperish, (we had almost said Peter Funkish) Sam Caryish organ. He could well afford to give his reverend successor a good send off. The Leader office is the old Alliance Monitor establishment, Mr. Phelps grabbing it from the Browns, and Republican though he was, started about a year ago a Democratic greenback Leader.

So, "in him, (reverend Prof. Worley,) the Democracy of Stark county will have a true (ring?) Leader!"

It is comforting to know, beforehand, that we Democrats of Stark are to have a guardian. As the old lady says in Burns's song-"We wish him luck o' the

In I870 there were in Mississippi 384-549 whites to 445,000 blacks. Majority of blacks 60,511. The black majority was considerably larger at the last elec-tion, on account of the exodus of a large number of whites to Texas, and the incoming of about 25,000 blacks on account of intimidation in Georgia and Alabams. Yet the Democracy carried the State of Mississippi. Is there a man in America so stupid as not to know how and why?

—Ohio State Journal, P. O. Grant-Hayes

We hope there is no "man so stupid not to know how and why." The Freedman's Bank swindle, that robbed the colored people all over the South, did much to disgust them with the leaders at Washington. This bank, too, had branches over the South, helping to gather in the hard earnings of the "Freedmen." Is it any wonder the Democrats should carry Mississippi after all this sad experience? The negroes of the South are beginning to see who are their real friends.

That Christian gentleman, the Rever-end Hamilton, has not yet corrected his lying statement, that we would not pubish articles in favor of Gov. Tilden without pay. Will be ever do it a Has the man a conscience? Has he a soul?—

Why, friend Harper, don't talk about 'conscience" in connection with such reverend politicians. That's played out. They are "soulless corporations."

MONTGOMERY, August 7 .- Returns from various parts of the State indicate a sweeping Democratic victory. Houston's majority for Governor will not be less than 20,000, probably will go much higher. A RAG-PICKER MURDERED

An Italian Stabbed in the Forehead Until the Brains Protrude.

NEW YORK, August 7 .- Last night as Paolo Tropiano, an Italian rag-pickerwho is reported to be wealthy, was sitting on the stoop of his residence with his wife and several female acquaintances, John Lazerie, also a rag-picker, who was intoxicated, came along and insulted the women, Tropiano resented Lazerie's conduct by slapping him in the face, wher, Lazerie drew part of a tailor's shears, that of those Republicans who in 1872 sharpened into a formidable weapon, and voted for Horace Greeley, fully 90 per stabbed Tropiano in the forehead, inflictcent will now vote for Samuel J. Patrolman Farley, on hearing THE Democracy of Knox county held the shricks of Tropiano's wife, ran up and their county nominating convention on arrested Lazarie, and Tropiano, after Monday last. Each township in the being attended by a police surgeon, who pronounced his case hopeless, was sent to the hospital, where he died a few moments afterwards. Lazerie was intoxicated when placed in his cell and persisted in making improper remarks about the women who were in Tropiano's company when he was stabbed. He admitted into a German Tilden club, only 58 had having procured the shears on Saturday, and that having a quarrel with some one he ground part of them into a stiletto.

THE Republicans of the Dayton district seem to have trouble in securing a candidate for Congress, since Mr. Craighead declined the nomination. Hon. Lewis B. Gunckel declines to be a candidate, and our friend Bickham, of the Journal, also thinks there is more glory in publishing a paper than in running for Congress. and he will not allow his name to be We imagine the true reason of so many declinations is to be found in the fact man to beat that no one is willing to make the fight against him. The Republicans of the Dayton district were not so wont to be so modest wheh Congressional honors were at stake. WHOLESALE MASSAURE. Belgrade, August 3- After the fight at Pondirolo three Turkish bottalions and

500 Circassians crossed the frontier into Servia. General Horvatovich, the Ser-vian commander, feigned retreat. The Turks followed him and occupied a village on the plain. On Tuesday the Servians attaked the Turks, taking them by surprise, and massacred the entire detachment.

AFTER GREAT LOSSES

London August 4,-A dispatch to the Standard from Kujazevatz says the Servians occupy strong intrenchments on the left branch of the Timok river, the capture of which would divide the fate of Kujazevatz Ahmed Eyoob Pasha, with an army of thirty-five batallions and twenty-four pieces of artillery, reached this point on the first. He has had several severe engagements with the Servians and after great losses the Turks encam-

THE PRESS ON THE LETTERS.

The N. Y. Herald. The letters are discreet and able documents. If Governor Tilden's friends can inspire the country with a belief in his power to carry out his pledges without any peril to the achievements of the war from the advent of a new party, the desire for a change is 50 widespread that the canvas may be a winning one. If, on the other hand, it is feared that the end will be leaping Niagara, then not all the genius and skill of a letter of acceptance will overthrow the strongly seated power of the Republicans
